

# RetailConnect

From Advent Processing Solutions Ltd.

## Integrated **Retail** Solution

Save time, money & effort with **RetailConnect**, an integrated solution designed by Advent to simplify retail business processes.

Integrating the leading convenience store EPoS Systems with Sage back-office accounts, **RetailConnect** offers retailers an automated business management link. Now with **RetailConnect**, retailers will no longer have to manually re-key data from the till into an accounts system.

**RetailConnect** can auto-poll the shop tills' sales data & cash book data directly into an accounts system at a touch of a button to give you a 360° view of your business all the way through to a complete Profit & Loss Statement.

**Turnover to See What *RetailConnect* can offer You,  
Your Store Manager, Your Accountant & Your Business!**

# About *RetailConnect*

As a core module of the Connections suite, **RetailConnect** has many benefits to the most important stakeholders tasked with the day-to-day operation of a successful retail business - the owner, manager and accountant.

So how can **RetailConnect** benefit each of these stakeholders?
